Experience

EyeJack, AR Development Intern — New York, NY — June 2025 – Oct 2025 — 5 months

Contributed to Encoded, an augmented reality exhibition at the Metropolitan Museum of Art that reinterpreted American art through Indigenous perspectives.
- Brought 25 paintings and sculptures to life using location-based AR experiences.
- Owned 3D scanning and photogrammetry using Polycam; deployed assets on Niantic's Geospatial Browser.
- Drove 2,000+ user activations and earned media coverage on Artnet.

Deloitte, User Experience Designer — Bengaluru, Karnataka, India — Aug 2022 – May 2024 — 1 year 10 months

Designed and shipped enterprise products for global clients including Marriott, Del Taco, Yum Foods, Fairview Health, and Salesforce.
- Led research, user flows, and interface design across multiple projects.
- Delivered platforms across 100+ franchise stores and 9,000+ hotel properties.
- Helped drive a 17% lift in employee usage and customer satisfaction through redesigned enterprise tools.

Philips, Design Intern — Bengaluru, Karnataka, India — June 2021 – Aug 2021 — 3 months

Created a workplace health platform for employees at risk of cardiovascular disease.
- Led research and prototyping using wearable data (heart rate, activity, sleep, blood pressure).
- Improved employee health engagement by 28% during pilot deployment.

Leaf Design, Design Intern — Bengaluru, Karnataka, India — Mar 2021 – May 2021 — 3 months

Contributed to Mool, a neobanking app designed to help users manage financial goals through a unified, intuitive platform.
- Designed key visual elements and user flows through high-fidelity wireframes.
- Project recognized with the Kyoorius Design Award 2021.

Rebel Foods (Faasos), Graphic Design Intern — Mumbai, Maharashtra, India — July 2020 – Apr 2021 — 10 months

Designed marketing creatives and digital ad assets for cloud kitchen brands including Faasos, Sweet Truth, and Oven Story.
- Collaborated with marketing and content teams for social media and paid channels.
- Developed and maintained a visual content calendar aligned with brand strategy.

Awards

Kyoorius Design Award — Kyoorius, 2021
Recognized for the design of Mool, a neobanking app focused on financial accessibility for Indian households.
