ABOUT

I like creating immersive digital experiences that connect technology with human emotion. My work combines empathy, storytelling, and careful observation of how people interact with systems to design thoughtful and intuitive experiences.

EDUCATION

AUG 2024 - MAY 2026

Parsons School of Design, New York CIty

MFA DESIGN AND TECHNOLOGY

JUL 2018 - MAY 2022

Indian School of Design and Innovation, Mumbai

BFA COMMUNICATION DESIGN | GPA: 9.4

EXPERIENCE

EYEJACK

JUN 2025 - SEP 2025

INTERNSHIP

Eyejack

AUGMENTED REALITY DESIGNER - NEW YORK

- Worked on ENCODED: Change the Story, Change the Future, an unsanctioned AR exhibition inside The Metropolitan Museum of Art featuring 17 Indigenous artists.
- Was the sole lead on site 3D scanning of sculptures and architectural elements at the Met using mobile photogrammetry tools, capturing and processing 15 plus scans per asset and optimized scan data for AR tracking, collaborating closely with artists to translate physical museum objects into stable, immersive AR experiences.
- Gained hands on experience with guerrilla AR production workflows, real world data capture, and deploying large scale location based AR experiences in a live cultural institution environment.

Deloitte.

AUG 2022 - MAY 2024

FULL TIME

Deloitte

SR. UI UX DESIGNER - BANGALORE, INDIA

- Led design for Yum Foods franchisees, delivering an end to end performance and inventory management app rolled out across 100+ stores, driving a 17% improvement in inventory accuracy and a 12% boost in sales efficiency.
- Redesigned an AI driven employee operations platform for 9000+ Marriott hotels. Directed client pitches for new user flows, developed a cohesive design system, and integrated AI features to simplify front desk workflows.
- Directed visual design for Fairview Health's first major patient facing flow under accelerated timelines. Led user interviews to surface pain points and created 25+ custom specialty illustrations to improve booking efficiency.
- Crafted customer journeys and dashboard visualisations for a Salesforce loyalty program initiative. Collaborated with CRM and marketing teams to transform behavioural data into intuitive UI components, driving a 14% increase in user engagement.

PHILIPS

JUN 2021 - DEC 2021

INTERNSHIP

Philips

PRODUCT DESIGNER - MUMBAI, INDIA

- Designed a mobile application for Coronary Artery Disease (CAD) risk monitoring in employees by integrating behavioural, lifestyle and biometric data into a unified system.
- Created onboarding communication assets by identifying key employee journey pain points through stakeholder interviews and surveys.
- Conducted research workshops on early detection and prevention strategies that directly informed HR wellness initiatives and employee insurance policy.

AWARDS & ACTIVITIES

2019

College Representative

INDIAN SCHOOL OF DESIGN AND INNOVATION, MUMBAI

Served as the Academic Department Representative and collaborated with the student council to facilitate college-wide academic and cultural events.

2018

Volunteer

PARIKRAMA - NON PROFIT ORGANISATION

Designed promotional graphics and banners for Parikrama's school arts and performance festival, enhancing event visibility and participation.

2021

Design Lead

INFERNO - ASIA'S LARGEST INTERCOLLEGIATE DESIGN AND VISUAL ARTS FEST

Served as Design Lead for Inferno, Asia's largest intercollegiate design fest, managing creative direction across digital, print and installation. Oversaw design strategies that attracted major university participation during the first ever online edition.
